
ED FFXI Bot Pc .rar Free Registration Torrent

So, to make a long story short, the bot is a bot, it does the same things as a real user, it doesn't have a "real person" interface. So it's more like a mini-server, a person with a client can connect to it, and it handles all the commands, but you don't need to download anything, it just connects to the server at the patch site.
