NOTES: Huge thanks to m3don (Bajenga), Alessandro (Viorel), Danhul (Danhul), Grangbang, Metajax is an addictive puzzle game that will make your brain go a little crazy. This time, the goal is to move a block from its position, place it in a box, and combine the three boxes to remove the block. With just one simple object, you will have to think like a professional scientist, using logic to get all blocks into their respective boxes, while at the same
